Avoid open areas, water, metal wire fences, overhead wires and power lines, isolated trees, elevated ground, maintenance machinery and golf cars (golf cars are not lightning proof). Seek the Clubhouse, maintenance buildings, automobiles or other buildings.

5.0 GOLF RULES OF PLAY

5.1 GENERAL RULES: Each Guest must register and have their own set of clubs. Only soft spikes are allowed on the golf course turf. Shirts and shoes must be worn at all times. USGA and local rules govern play on Remuda golf course. Golfers must play only one ball during rounds; hitting practice balls is allowed only at designated practice range or practice green. Playing more than one ball or practicing during course play is prohibited. Follow cart signs, repair ball marks on the greens, replace divots and rake bunkers. Obey all signs and supervisors, including Players Assistants.

Golf Cars are allowed on the fairways, maximum of two riders per golf cart. Carts shall be driven on specific golf car paths whenever possible and shall remain 30 (thirty) feet from greens and hazards and off all tee box areas.

All players shall start playing only at number one tee unless specifically authorized to start at another tee by the Golf Starter, and shall not play at any time until the players ahead are out of range. Golf Starters shall properly space golf groups (approximately every eight minutes) to ensure speed of play and safety on the course. Do not tee off or hit into other players or maintenance personnel. Follow rules of "Ready Golf" to keep pace of play flowing. Observe all out of bounds markers and property lines. Every person must obey the directions of the Course Superintendent, PGA or Teaching Professional, Player's Assistants and Tee Starter with reference to order of play, practicing and behavior on the grounds.

All leagues, tournaments and special events shall be scheduled with management. No Guest shall golf a round in a group larger than a foursome, that is, containing no more than four persons. No Guest shall approach or otherwise hit a golf ball onto or towards a green when in close enough proximity for the ball to hit players still on the green or after a golf course employee has removed the flag on the green for maintenance purposes, and shall not approach or hit the ball until the flag has been reset and the player or golf course employee is off the green.

5.2 "READY-GOLF": Guests should be ready to play as soon as a safe shot can be made, irrespective of who is closest to the pin. Simultaneous shots are allowed if there is no possibility of ball collisions. It is essential that speed of play is not delayed. Guest should pick up their ball when they can no longer score better than three over par on a hole. It is a group's responsibility to keep up with the group in front. If a group loses ground on the group in front, therefore delaying following groups, following groups should be invited to play through. When playing on or near the putting green players should leave their bags or carts in such a position as will enable quick movement off the green and towards the next tee. When the play of a hole has been completed, players should immediately leave the putting green. Players should not mark scorecards until the next tee. The first guest to tee off should mark scorecards after tee-off. If a ball is lost or is out of bounds a provisional ball should be played to save time. Players should not search more than five minutes before moving on or waving through following groups. Guests should keep an extra ball available, to eliminate the need for walking back to bags or car when a provisional ball is needed.

When on the green, Guests should "putt out" whenever possible instead of marking the ball. The first person that "putts out" should tend and replace the pin for other players. Watch other shots, as well as your own, to help pinpoint the position of their ball and try to identify the finishing position by using a nearby tree or landmark. Offer to rake the bunker for groups ahead so they can play their next shots quickly. Guests should refrain from giving play instruction on the course, that is what the driving range and practice green is for. Anticipate the club or clubs you may need and go directly to your ball. Study and clear the line of your putt while others are doing the same. If possible, repair ball marks and divots while waiting for other players. When approaching a green, drive your golf car to the side or rear of the green on the best direct path to the next tee. Do not leave the golf car in front of the green where you will have to go back to get it.

5.3 SUPERVISION OF PLAY: Remuda Staff, including Players Assistants, Superintendent and clubhouse starters, acting under the supervision of the General Manager, will have the responsibility for supervision and control of all matters relating to play on the golf course. Privileges may be refused to anyone who violates any of the rules and regulations, policies, procedures, the rules of play, etiquette and/or dress code. Responsibility for such supervision may be delegated to PGA or Teaching Professionals, Tee Starters, Players Assistants, or other individuals designated by the General Manager.

5.4 GOLFER'S ETIQUETTE AND OTHER CONSIDERATIONS: Guests should always show consideration for other players by not disturbing their play by moving, talking or making unnecessary noise. Guests should ensure that any electronic or noise making device taken onto the course does not distract other players. Guests should not tee the ball until it is his or her turn to play. Guests should not stand close to or directly behind the ball, or directly behind the hole, when a player is about to play. On the putting green, Guests should not stand on another player's line of putt or, when he is making a stroke, cast a shadow over his line of putt. Players should remain on or close to the putting green until all other players in the group have holed out. Avoid stepping on the hole when retrieving your ball. In stroke play, the person acting as a marker should, if necessary, check the score with the player concerned and record it. In the case of a serious breach of etiquette, Guests may be asked to leave.

5.5 SPIRIT OF GOLF: For the most part, golf is played without the supervision of a referee or umpire. The game relies on individual integrity to show consideration for other players and to abide by the Rules of play. All players and guests should conduct themselves in a disciplined, courteous, and sportsmanlike manner, irrespective of how competitive they may be.
